care time.**

Florida Community Care EVV: What You Need to Know

- As of October 1, 2019, Florida Community Care will require Electronic Visit Verification (EVV) for home health care and personal care services.
- You can use your current EVV system to send EVV data to Tellus, or you can use the **complete Tellus eVV solution for caregivers and office staff, at no charge.**
- Training is open. To sign up or learn more, visit **4tellus.com/training**.
